Wellness Centers

BACS programs are always there to help. BACS Wellness Centers provide support to individuals with behavioral health challenges, who want to manage their symptoms and move forward with their lives in healthy and positive ways.

What We Do:

- Peer Support
- Clinical & life skills groups run by a peer counselor
- Social outings in the community
- Psychiatry
- Nutrition support and healthy eating support
- Case management services, including:
  - At centers and in the community
  - Medi-Cal Psychiatric and Case Management services for up to 12 months, with referrals & linkage through ACCESS
  - Supported employment
  - Help with any goals you have
  - Working with anyone in your support network
  - Van pools

Our Wellness Centers are welcoming community spaces at 4 accessible sites. Our centers are vibrant, inspirational, and integral to the communities we serve. We help participants build an individualized wellness plan so they can live lives that are healthy, fun, and active by creating natural supports. Wellness Centers focus on community integration through competitive employment programs, a welcoming drop-in space for socializing and life skills development, classes and programs, behavioral health services, and more.
