

## SPECIAL MESSAGES SUPPORT GROUP

Thursdays 5:00-7:00 PM

at the PEERS Office

333 Hegenberger Road, Suite 250

It's not just about "voices" ...

If you sometimes... hear voices, see things, smell things, feel things, sense things or get coded messages from media, life or dreams. Things others don't .., and when you talk with them about it, they get weird... then you're welcome to this group, because we do too.

We invite you to come share your story, hear about the experiences of others, and socialize about experiences that are often viewed as being taboo in many social settings.

For more information contact Heather Reimer at 510-832-7337 x 205
